

How the Gospel Comes to a Community
Acts 16:4-34

God began writing His Gospel Story at Philippi...

...with a few who were attentive and responsive to following His lead (4-10).

...through those who would personally reach beyond natural and cultural barriers to share the good news of the gospel with others (11-15).

...through those who would keep trusting Him even in the face of open opposition and enormous difficulty (16-25).

...by His own power and grace to change lives for eternity (26-34).

If God is going to write His Gospel Story in the lives of others in our community through us, then...

...we must be attentive and responsive to His gospel directed leading.

...we must be personally reaching beyond natural and cultural barriers to share the gospel with others.

...we must keep trusting Him even when faced with open opposition and very real difficulties.

...we must regularly ask God to demonstrate His power and grace in our community to see lives changed for eternity.
